Scottish Health Innovations Ltd (SHIL) works in partnership with NHS Scotland to identify, protect, develop and commercialise healthcare innovations to improve patient care and generate a financial return to NHS Scotland.

Helping in the fight against Coronavirus (COVID-19)

Never has there been a more urgent time to accelerate new ideas and innovations. NHS Scotland is experiencing the most urgent need to adapt and innovate in its 71 year history. The capacity for rapid change is all around us; and it is important to ensure the ideas, innovations and solutions that occur during times of challenge are captured, developed and made available to support the fight against Coronavirus (COVID-19).

Innovation call

A package of support for NHS Scotland staff with ideas to help support the fight against Coronavirus (COVID-19).

- Up to £25K of initial funding
- Project management
- Regulatory support
- Extensive innovation expertise

Scottish Health Innovations Ltd (SHIL), have worked in partnership with NHS Scotland since 2002. The team will rapidly assess and support selected innovations from concept to final product.

Submit your idea
